

DAYLIGHT SAVINGS ACT REPEALED OVER VETO

BANDIT PURSUIT  
RESUMED TODAY  
BY U.S. CAVALRY

Tracks of Rebels Are  
Nearly Wiped Out  
By Hard Storm.

By Associated Press Leased Wire  
Washington, Aug. 20.—To avoid possible contact with American troops on the trail of bandits in northern Mexico, Mexican forces were not sent after the band which captured Lieutenants Davis and Peterson, the war department was advised in a telegram sent yesterday by Major General Dickman, commanding the southern department. The message was made public late today.

By Associated Press Leased Wire  
Marfa, Texas, Aug. 20.—With their exact location withheld for military reasons, troops of the Eighth Cavalry, U. S. A., before dawn today resumed pursuit of the Mexican bandits who held American aviators Davis and Peterson for ransom.

The Americans had a difficult task before them because the heavy storm of last night had almost obliterated trails of the bandits.

The country over which the troops were operating is infested with small bands of Villa followers who have been roaming in the mountain valleys and canyons since part of Villa's band left him after the American forces crossed to Juarez on June 15.

Mexican federal troops from the Ojinaga garrison, opposite Presidio, Tex., are co-operating with American troops in Mexico, according to a message received by Colonel Langhorne today from Don Cosme Bengoechea, Mexican consul at Presidio. The consul reported that General Antonio Pruneda was sending cavalry troops in the direction of San Antonio, Chihuahua, opposite Candelaria.

MEXICANS PLAN NO MOVES.  
By Associated Press Leased Wire  
Guaymas, Sonora, Mex., Aug. 20.—Colonel Jose Dominguez, a member of General E. P. Calles' staff, said today it was not the intention of his chief, who also is military governor of the state of Sonora, to send any federal troops either to this place or to Naco at this time.

Colonel Dominguez said of the opinion that conditions at present did not warrant steps in that direction.

Colonel Dominguez said peaceful reports continued to be received from the Sonora border districts. The federal forces in this section are adequate to guard against possible bandit raids, he said.

PRESS ATTACKS U. S.

By Associated Press Leased Wire  
Mexico City, Aug. 20.—The Mexican government announced that American troops had crossed the border in a bulletin issued last night, but has given no indication of its attitude.

El Universal demands for Mexico an opportunity to be heard before being "outraged."

El Herald says the situation has assumed a grave character and declares that the crossing by the Americans was without notice or request for permission.

ARMY TO GUARD BORDER.

By Associated Press Leased Wire  
Washington, D. C., Aug. 20.—Mexican border raids and depredations by bandits directly across the border, evidence from official sources today showed, will in the future bring upon the marauders the armed forces of the United States. The present punitive expedition led by Major General Joseph T. Dickman, commander of the southern department, it was learned, constitutes the first working out of the new policy, which one official characterized as "handling the border nuisance without gloves."

Interest in the present expedition continued intense today at the war department. Dispatches were received late yesterday from General Dickman but were not made public.

FIRST SKIRMISH REPORTED.

By Associated Press Leased Wire  
Marfa, Tex., Aug. 20.—Somewhere in Mexico, opposite Candelaria, Texas, American soldiers early today were preparing to continue the pursuit begun yesterday of bandits who kidnapped and held for ransom Lieuts. Peterson and Davis, American aviators, rescued yesterday after payment of ransom to the bandit leader.

Military headquarters here was without information from the punitive expedition, heavy storms in the mountain region.

JOHN PENROSE  
IS APPOINTED  
SUPT. STREETS

City Council Accepted  
Resignation of Former Supt. Gitt.

Last evening's session of the city council was a quiet one, only a few matters of business coming before the body. The resignation of George Gitt, who has served the city as superintendent of streets for about 27 years, was read and accepted, and John Penrose, who has had many years of experience in this work and has assisted Mr. Gitt was appointed by the council to fill the vacancy.

C. M. Cropsey and Frank Hughes appeared before the council with reference to the garbage removal proposition. Mr. Cropsey who has had charge of the removal of garbage during the summer, requested the council for permission to transfer the contract to Frank Hughes. The matter was debated, but no final action taken.

A petition was read from citizens residing on South Ottawa avenue, who request that water mains and sewer extensions be placed on that street from Pine street south to the city limits. This improvement will probably be taken care of the first of next year. The regular semi-monthly bills amounting to \$792.39 were allowed and the ordinance regulating the salaries of members of the police and fire department and the office of city clerk, was passed.

Former Lee Co. Man  
Laid to Rest Tuesday

The late Attorney Charles Carbaugh, of Rockford, well known here and a brother of the late George Carbaugh, of this city and Mrs. Edward Shawyer, of Palmyra was buried in the Rockford cemetery yesterday.

He was born in Nachusa August 25, 1863, and passed away Saturday, August 16, at the Presbyterian hospital in Chicago, where he underwent several operations in an effort to secure relief from a complication of diseases. Atty. Carbaugh graduated from Dixon college and practiced law here for a time before going to Rockford, where he followed the profession until his last illness. The funeral was in charge of a Mason lodge of Rockford of which he was a member. He is survived by his wife, a son, Philip, two brothers, and five sisters. They are: Mrs. James Morris of New York City, Mrs. Walter Brewster, of Clayton, Ill.; Mrs. Edward Shawyer, of Dixon; Mrs. Ralph Keener and Mrs. Earl Mount of Wyanet; and Lincoln and Foster Carbaugh, both of Elgin. Two brothers preceded him in death.

Mrs. George Carbaugh and Mr. and Mrs. Edward Shawyer, of this city, attended the funeral.

Silesia Strike Near  
Insurrection Stage

By Associated Press Leased Wire  
Warsaw, Tuesday, Aug. 19.—(Delayed.)—The strike movement in upper Silesia, which is said to have been developed largely by spartacist propaganda on one side and the provocative attitude of German authorities on the other, now is reported to have assumed somewhat the character of a genuine insurrection.

Engagements are said to have been fought between the insurgents and German troops, resulting in the proclamation of martial law by the Germans.

Princeton Golfers  
Come Here Tomorrow

Several members of the Bureau Country Club golf team will come to Dixon tomorrow to meet the Dixon Country club team in a return match on the local course and to enjoy the hospitality of the Dixon club. In the match between these two teams played on the Princeton course a few weeks ago the Dixon players were victorious by one point, consequently a close and interesting contest is looked for tomorrow.

ANTI-PROFITEER  
LAW BEST TOOL  
TO FIGHT H. C. L.

Atty. Gen. Palmer Will  
Oppose Law Giving  
Wilson Power.

OPPOSES EXECUTIVE POWER  
By Associated Press Leased Wire  
Washington, Aug. 20.—Proposed amendments to the food control act which would authorize the president to fix wholesale and retail prices of certain commodities, were strongly opposed today by Attorney General Palmer.

Appearing before the house agriculture committee to urge speedy enactment of additional laws to help reduce the cost of living, the attorney general declared such executive power would be too drastic, and would provoke so much debate in congress as to delay passage of other amendments suggested by the department of justice.

The department has recommended that provisions of the food control act be made applicable to wearing apparel, fuel and fertilizer, with heavy penalties for profiteering.

Few Cases Will End It.  
Armed with an anti-profiteering law, the department, Mr. Palmer told the committee, could obtain specific indictments in various cities "which would make unnecessary a far-reaching fight against high prices."

Mr. Palmer contended the president could not fix prices without the food administration, reorganization of which he added would be too slow and expensive.

"Anti-profiteering law, imposing a fine of \$5,000 and two years imprisonment for violations, is the best method of combating high living costs," said he.

COMPANY F TO  
HAVE ALL-DAY  
OUTING SOON

Captain George Frain of the local company of the Illinois Reserve Militia, announced today that an all-day hike and outing has been arranged for the second Sunday in September. At that time all members of the company who have a perfect record for attendance at drill meetings will leave Dixon early in the forenoon and hike to Grand Detour.

The company will go in heavy marching order and at the end of their hike will camp on the Commons at Grand Detour for the day where exhibition drills will be given and military tactics observed. Dinner and supper will be furnished to the members of the company at the Sheffield hotel. After supper the company will form and march back to Dixon.

Serbian Make War  
on Montenegrins

By Associated Press Leased Wire  
Rome, Aug. 20.—Severe fighting between Montenegrins and Serbians near Lake Scutari was reported in dispatches received here today. Serbians were said to be evacuating what was formerly Montenegro and to have massacred inhabitants of the Carnizza region. It was said they burned houses and drove the inhabitants toward Beria with the intention of internment there.

RAIL EXECUTIVES  
GIVE PLANS FOR  
FUTURE CONTROL

I. C. C. Would Get Power  
to Adjust Rates to  
Assure Fairness.

By Associated Press Leased Wire  
Washington, D. C., Aug. 20.—Recommendations of the Association of Railway Executives for return of the railroads to private operation under conditions that will insure adequate revenues and maximum service to the public were laid before the house committee on interstate and foreign commerce today by Thomas De Witt Cuyler, chairman of the association.

Congress, under the plan, would direct the interstate commerce commission "to approve rates which will enable the railroads to be self-sustaining," the rate regulating authority to be vested exclusively in the central commission, and regional sub-commissions. There would be no guarantee of income or dividends by the government.

Federal Board Provided.  
Broad regulatory powers would be vested in a federal transportation board to be created as a co-ordinate body with the interstate commerce commission. This board is to be composed of three commissioners appointed by the president, would be charged with "general oversight of transportation from the point of view of the public interest."

It would relieve the interstate commerce commission of all functions except rate regulation, valuation and accounting.

In regulating rates the commission would act upon certification by the board from time to time of the amount of revenues needed by a railroad to pay operating expenses and a "fair return" on the value of its properties and maintain credit sufficient to attract new capital necessary for the expansion of facilities. It was believed, Mr. Cuyler said, the railroads should have from \$700,000,000 to \$1,000,000,000 of new capital annually for expansion of facilities.

Remove All Wrecks  
in Lake Channels

By Associated Press Leased Wire  
Detroit, Mich., Aug. 20.—United States engineers in charge of government work and navigation in several districts of the Great Lakes are pursuing a program for the elimination of menaces to navigation which will mean the removal of all wrecks that lie in channels or harbors and interfere with the movement of vessels.

To date, it is stated, the United States and Canadian governments and salvaging contractors have this season removed, by raising, blasting or towing away, fifteen submerged or partially exposed vessels. By removing these wrecks the partially blocked channels were cleared, reducing the hazards of navigation, eliminating the necessity of posting special markers to designate the location of the hulks and giving passage room badly needed at many points until the government can complete its program of deepening and widening channels and harbors.

Among the wrecks raised and salvaged this year were those of the steel tug General, sunk in St. Mary's river, and the coal carrier Vulcan, sunk in Portage lake at Houghton, Mich.

The wreck of the steamer C. W. Moore was refloated at the North Branch channel, Chicago, and the hull of the steamer Desmond was removed from South Chicago harbor. The old steamer, George H. Van Vleet, sunk across the upper entrance to Ecorse channel, Ecorse, was raised and moved. In many instances the hulks of the salvaged boats had a value, it is stated, because of increased demand for carriers due to war and post-war needs, equal to their original cost.

Evans and Quimet in  
Title Golf Contest

By Associated Press Leased Wire  
Pittsburgh, Aug. 20.—Feeling ran high today when the supporters of Charles (Chick) Evans, Jr., of Chicago and Francis Quimet, of Boston, gathered at the Oakmont Country club to watch these two players settle a long standing argument in a 36 hole match over the Oakmont Country club course.

The fact that they met in the second round of the National Amateur championship, and that the loser would be eliminated from further competition for the title, added to the great interest in the match. It was the first time the players have met in a championship competition, although they have been recognized as America's foremost amateur golfers for a number of years.

Weather conditions for the morning round were fit for perfect golf.

RESERVATIONS TO  
TREATY PROPOSED  
BY SEN. PITTMAN

Democrat Member Ask  
They Be Considered  
Separately.

By Associated Press Leased Wire  
Washington, D. C., Aug. 20.—Four reservations on the league of nations covenant are embodied in a separate resolution prepared today by Senator Pittman, of Nevada, a democratic member of the foreign relations committee, for introduction in the senate.

Senator Pittman said the resolution was in line with the suggestion made to the foreign relations committee yesterday by President Wilson that if reservations are to be made they should be embodied in a separate resolution and not in the resolution of ratification which might make new negotiations necessary.

Senator Pittman said the reservations had not been submitted to the president. They are similar to those proposed by a group of seven republican senators and deal with the right of withdrawal from the league, article ten, domestic questions, and the Monroe doctrine.

Pittman Resolution.

The resolution follows:  
That when the senate of the United States shall advise and consent to the ratification of the treaty of peace with Germany, signed at Paris on the 28th day of June, 1919, now pending in the senate, that it be done with and in consideration of the following understanding as to the present and future construction and interpretation to be given to the treaty:

Withdrawal Clause.

1.—That whenever the two years' notice of withdrawal from the league of nations shall have been given by any member of the league, as provided in article one, the government giving such notice shall be the sole judge and shall have the sole right to determine whether all its international obligations and all its obligations under the covenant shall have been fulfilled at the time of withdrawal.

Article Ten.

2.—That the suggestions of the council of the league of nations as to the means of carrying into effect the obligations of article ten the execution of which may require the use of military or naval forces, or economic measures, can only be carried out through the voluntary separate action of each of the respective governments, members of the league, and that the failure of any such government to adopt the suggestions of the council of the league or to provide such military or naval forces or economic measures, shall not constitute a moral or legal violation of the treaty.

Internal Questions.

3.—That all domestic and political questions relating to the internal relations of the government, which is a member of the league, including immigration, coastwise traffic, the tariff and commerce are solely within the jurisdiction of such government and are not by the covenant of the league of nations submitted in any way either to arbitration or to the consideration of the council or assembly of the league of nations, or to the decision or recommendation of any other power. If a dispute arises between parties with regard to a question other than those which are herein specifically exempted as domestic questions, and it is claimed by one of the parties that such question is a domestic and political question, relating to its internal affairs, then the council shall not consider or make recommendation thereon, except upon the unanimous vote of the council, other than the representatives of the disputant.

Same Monroe Doctrine.

4.—There shall not be submitted to arbitration or inquiry by the assembly of the council any question which, in the judgment of the United States, depends upon or involves its long established policy, commonly known as the Monroe doctrine and it is preserved unaffected by any provision of the said treaty.

RETAIL DEALER  
SAYS HE FOUND  
PACKERS SQUARE

Opponents of Packing  
Regulation Heard By  
Senate Body.

By Associated Press Leased Wire  
Washington, Aug. 20.—Opponents of legislation providing for regulation of the meat packing industry were heard today when the senate agriculture committee resumed consideration of the subject.

William T. Nardin, of St. Louis, manager of a milk condenser, objected to federal licensing on the ground that other industrial establishments would be required to submit to regulation. The situation from the retail butchers' standpoint was presented by Emmanuel Wasserman, of Norfolk, Va.

"Any legislation that hurts the packers will hurt the retailer and the business," he said. "I've always found the packers fair and square."

Senator Kenyon, republican, Iowa, asked if packers' representatives hadn't urged the witness to appear.

"They talked to me about it," he said, "but I was interested myself."

"Is there any complaint from Norfolk consumers about prices and profiteering?"

"Yes, all the time. I don't doubt some retailers are profiteering."

"Do the packers maintain uniform prices?" asked Senator Page, republican, Vermont.

"No, sometimes they are in line, and some times they are not."

Robbery Attempted  
at Clevidence Home

An effort to break into the residence of Dr. Earl A. Clevidence, 214 Third street, the second attempt within the last six weeks, was frustrated at about 3:30 o'clock Monday night when Mrs. Clevidence heard the would-be thief working at a screen in a kitchen window. She called her husband and he started a quiet investigation, but apparently the marauder heard him, for he left. Investigation showed that the fellow had been pulling at the screen, which was hooked on the inside, and splintered it along the lower edge and had loosened the hooks. Had the doctor been able to get into the kitchen he heard a coroner's jury would have had an opportunity of establishing the thief's identity.

Chinese Determined  
to Remain at War

By Associated Press Leased Wire  
Peking, Sunday, Aug. 17.—(Delayed.)—A mandate declaring war with Germany at an end will not be issued until the treaty with Austria is signed, it is announced. In the meantime the government is considering what measures will be taken when the mandate is issued, such as whether Germans will continue to enjoy the right of extraterritoriality.

The government, it is declared, is still determined not to sign the German treaty and not to negotiate with Japan concerning the peace treaty.

SENATE SUSTAINS  
HOUSE ACTION BY  
VOTE OF 57 TO 19

Rural Population Will  
Benefit at Expense  
of City Dwellers.

By Associated Press Leased Wire  
Washington, Aug. 20.—Repeal of the daylight savings act was accomplished today, the senate voting to sustain the house in passing the repeal measure over President Wilson's veto. The vote was 57 to 19.

The repeal of the law which now takes its place among the very few which have been passed over a presidential veto becomes effective after the clocks are turned back to normal in October. It will go down in legislative history as one of the very few measures which have twice been vetoed by a president and became a law after all by the vote of more than two-thirds in both houses of congress.

Dixon's Share of U.  
S. Food Going Fast

Postmaster Will Hogan's stock of groceries and canned goods listed in the big government closing out sale, is in great demand. Some of the articles that were offered to the Dixon public on Monday morning are sold out, but there still remain large quantities of some of the products. Dry beans, rice, canned cherries, the two pound cans of baked beans, and stringless beans are sold out.

There are plentiful supplies of the one and three pound cans of baked beans and other articles still obtainable. Orders are forwarded to the Chicago supply depot at the close of business daily. The fact that the Chicago depot is the supply headquarters for nine states makes it impossible for the local postoffice authorities to give any information as to the date the Dixon consignments will begin to arrive.

It is expected that the allotment of supplies for Dixon will be used up before the end of the week, and persons contemplating placing orders are urged to do so at their earliest convenience, and by so doing prevent a rush for supplies on Saturday.

Camp Grant Recruiting  
Party Coming to Dixon

Postmaster William F. Hogan this morning received a letter from Major LeRoy H. Watson of the 51st Infantry, now engaged in recruiting service stating that a motor truck train from Camp Grant will arrive in Dixon Thursday evening on its way to Peoria. The major requested that the local postmaster assist in locating a suitable camp site for the party, who will remain here Thursday night.

Mr. Hogan this morning was successful in securing a part of the old college campus facing on West First St. for the camp site. H. W. Lydig of the Dixon Casket company donating the ground for the camp. The party will consist of four auto trucks, an ambulance and one officer's touring car and will be made up of four officers and 20 enlisted men with Major A. L. Becker in charge.

Greeks Ask Allies to  
Curb Turkish Bandits

By Associated Press Leased Wire  
Saloniki, Aug. 20.—Delegates claiming to represent 35,000 Greeks living in the Ardahan district in the Caucasus, according to the Athens news agency have telegraphed to the peace conference an appeal for allied protection against bandits and Turkish troops who they assert have pillaged the country and massacred Greek inhabitants.

The Turks, it is claimed, operated from a base at Erzerum. People in the Ardahan district are said to have suffered severely during the war because of Turkish and Russian operations.

118 Russian "Reds"  
Held at Youngstown

By Associated Press Leased Wire  
Youngstown, O., Aug. 20.—One hundred and eighteen Russians, alleged bolsheviks, are held in the county jail today as the result of a raid by federal officials last night on an alleged bolshevik meeting in East Youngstown.

The officers broke up the meeting in the midst of a speech said to have been highly radical. An automobile loaded with red flags and bolshevik propaganda was seized. The men are held temporarily upon charges of suspicion. Federal officials said charges of sedition would be filed against them later.

## Pershing Says Let Bodies of Yankees Remain in France

By Associated Press Leased Wire  
Washington, D. C., Aug. 20.—General Pershing, in a cablegram to the war department, has expressed the opinion that the bodies of American soldiers, who died abroad, should be left near where they fell.

"I believe that, could these soldiers speak for themselves, they would wish to be left undisturbed where, with their comrades, they fought the last fight," General Pershing said. "Those who rest in England gave their lives in the same cause and their remains represent the same salvation as those who lie on the battlefields."

"The graves of our soldiers constitute if they are allowed to remain, a perpetual reminder to our allies of the liberty and ideals upon which the greatness of America rests. Think the sentiments should appeal to the relatives and friends. Recommend that none of our dead be removed from Europe unless their nearest relatives should demand after a full understanding of all the sentimental reasons against such removal and further recommend that immediate steps be taken for permanently improving and beautifying our cemeteries."

## FRENCH TRI-COLOR.

Washington, D. C.—A recent tribute by an Englishman to the Stars and Stripes and the French Tricolor as being the "ideal national flags" elicited from the National Geographic society a bulletin concerning the French emblem.

The origin of the American flag was described in a previous bulletin.

The story of the Tricolor, contained in a communication to the society, follows:

"The familiar and inspiring tricolor of France dates from the year that gave the United States its constitution—1789. The best authorities are doubtful as to the true story of its origin, but there are three principal theories as to the derivation of its combination of colors.

"The first of these, and the most authentic, is that after the taking of the Bastille, when Lafayette had been appointed by acclamation commander in chief of the National Guard, he devised for the guard a new cockade made of the white of the royal family and of the colors of Paris time out of mind, which were and continue to be red and blue. From this cockade, most historians believe, came the French national flag.

"Another version links the tricolor with the three historic flags of France—the blue of the Chape de Martin, the red of the oriflamme, and the white of the Bourbons. It will be recalled that the Chape de Martin was supposed to be the original cloak which St. Martin divided with a beggar at Amiens, which act was followed by a vision of Christ making known to the angels this deed of charity. The chape was in the keeping of the monks of Marmoutier, and Clovis carried it when he conquered Alaric, while Charlemagne bore it at Narbonne. When the kings of France transferred the seat of government to Paris, the local saint, St. Denis, was held in high honor, and gradually the plain scarlet banner, known as the oriflamme, and kept in the abbey church, supplanted the blue of St. Martin as the national colors. The oriflamme appeared for the last time at the battle of Agincourt, in 1415. The Huguenot party in France adopted the white flag and when Henry III, himself a Protestant,

came to the throne he made it the royal ensign. His successor, Henry IV the first of the Bourbons, adopted it as the national flag.

"The third account of the Tricolor's origin is that it is copied from the shield of the Orleans family, as it appeared after Philippe Egalite knocked off the fleur de lis. During the first and second empires, the tricolor became the imperial standard, but in the center of the white stripe was placed the eagle, while all three stripes were richly powdered with the golden bees of the Napoleon family. The flag of France, in 1814, waved over territory nearly one and a half times as large as that covered by the United States. French colonies have a total of approximately 4,500,000 square miles. Among the flags of the earth, before the war, only the Union Jack and the banner of Russia floated over more territory.

"The flag of the president of France consists of the French tricolor, with the initials of the president in gold on the white stripe."

## HOW MUCH TOBACCO WILL MY HEART STAND?

### A Question Vital to Every Man Who Smokes or Chews

#### IT MAY COST A PRECIOUS LIFE TO FIND OUT BY EXPERIMENT.

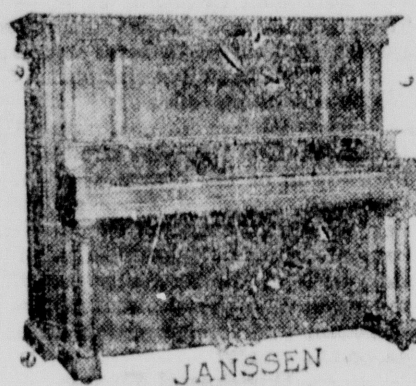

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; when it loses he dies, but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pangs. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may not lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find how much tobacco your heart will stand without serious results.

But the thought of quitting is unpleasant to most men—even to those who know that tobacco injures them—and to really quit takes more will power than they have and causes more suffering than they can voluntarily endure. To quit the habit make it easy

for yourself by getting Nicotol tablets and taking them as directed. The habit really quits you and its departure is a pleasure equal to its indulgence.

If you want to know how much easier it is to quit the habit with Nicotol than without it, go twenty-four hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will have no desire to resume. At least your desire will be greatly diminished and another week or two should make it not only possible, but a pleasure to quit.

NOTE: Dr. Connor, formerly of Johns Hopkins Hospital, under whose advice Nicotol has often been used, said when this statement was shown to him: "I have known Nicotol to conquer the tobacco habit in less than ten days' time and I can therefore recommend it highly." When the doctor's statement was shown to one of our leading druggists he said: "Nicotol is truly a wonderful remedy for the tobacco habit, way ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an ironclad money-back guarantee by all up-to-date druggists including the Public Drug Co.

# SANDRA THE JEALOUS

By JANE PHELPS.

## SANDRA TELLS EVERETT A FEW THINGS.

### CHAPTER LI.

To my astonishment Everett said nothing about my looks. He was late and after giving me a cold little kiss, we went immediately to the dining room.

"Your friend has gone?" he asked. "Yes." Then emboldened that I had not scolded because I had cried I added: "She couldn't very well stay after—" I hesitated.

"After what?" Everett demanded. "After the way you talked to me, and the way you acted last night," I replied desperately. But somehow when Everett looked at me so sternly, and in that voice questioned me, I just had to speak the truth.

"Did I tell you you might invite guests?" "No, Everett. But I was lonely. I don't know any young people my own age to talk to and I didn't think you would object to my asking Rose as long as you weren't here to be annoyed with her. I got so tired of knowing no one but old people—older than I am. I used to have so many friends, all the boys and girls in town. Now I have no one."

Tears of self-pity rolled down my cheeks. I was nervous, my head ached, I hadn't slept the night before because of Everett's attitude, and I had cried nearly two hours. Was it any wonder that I said things I would not have dared had I been in a normal condition?

"I am so old I don't count for anything." His tone was bitter. "You will please leave the table. I will send your coffee and dessert to your room. One would think you needed dolls to play with instead of the boys and girls whose society you say you miss so heartily."

I rose from the table, but something, I don't know what, made me stop and lay my hand on Everett's shoulder and say: "I am sorry I annoyed you by having Rose."

He made no reply, and I went to my room. In a moment Hetty brought me my dessert and coffee. I couldn't eat, but I drank the coffee, then threw myself on the bed and again sobbed as if my heart would break. I was in the hysterical throes of sorrow for myself and heard nothing until Hetty came in to undress the bed for the night.

Then I heard the front door close. I hurried to the window. Everett was walking rapidly away from the house. Once I thought he looked back, but I couldn't be sure. My tears flowed afresh. He knew I was unhappy, sick and utterly miserable, but he had gone out—leaving me alone without trying to console me.

"Please don't cry any more, Mrs. Graham, you'll surely be sick if you do," Hetty begged after she finished her work.

"I'm sick now, Hetty, so it won't make any difference."

"Can—I help you—do anything?" "No, thank you, Hetty. Just leave me alone." As she closed the door in response to my request, I impulsively called her back. She was only a servant, but she was a girl my own age.

"I didn't mean to speak so sharply, Hetty. But my head aches so."

"Let me bathe it for you." She took the bottle of eau de cologne from the dressing table, and for half an hour she bathed my head, smoothed away the pain in both head and heart with her hands. Finally she said: "I think you'll sleep now—thank you for letting me do it for you," and was gone. But somehow I felt comforted.

I was not asleep when Everett came in. He pretended to be. He spoke, but I made no answer. Then he came over to the bed and leaning down he kissed me ever so lightly. As he turned away he sighed so heavily I was tempted to ask him what was the matter, but I restrained myself. I was so surprised at his gentle kiss, so puzzled by it after his leaving me alone in my unhappy mood the very first evening after his return, that I hated even to speak for fear he would again say something to hurt me.

He undressed in the dark, and was so quiet I scarcely heard a sound. He is nice not to wake me up, I thought. So I went to sleep—kind thoughts of the man who wouldn't understand my craving for companionship in my mind.

Tomorrow—Everett Questions Sandra.

## Do your Jams and Jellies ever "Candy"?

Many women have been so discouraged by this trouble that they have almost stopped putting up fruit.

Yet, there is an easy, simple way to avoid it. Use  $\frac{1}{2}$  Karo (Red Label) and  $\frac{1}{2}$  sugar in your preserving syrup, instead of sugar alone.

Karo is a fine, clear syrup, with a natural affinity for the juices of the fruit.

It blends the sugar with the fruit juice—brings out all the "fruity" flavor.

You, too, will obtain perfect results this summer if you will use  $\frac{1}{2}$  Karo (Red Label) and  $\frac{1}{2}$  sugar instead of all sugar for preserving.

You will find your jelly clear and firm—your preserves rich with heavy syrup—your jams deliciously mellow and "fruity". Not a sign of "candyng".

For Cooking, Baking and Candy-Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

Use  $\frac{1}{2}$  Karo (red label) and  $\frac{1}{2}$  sugar

## THE HERETIC.

The distinguished professor of economics, opening his class, announced that for the hour he would devote himself to a discussion of the vexed costs of living.

"These high costs," he said, "are due to a variety of causes, chief of which I consider is the fact that consumption has come perilously near to exhausting necessities produced. This very naturally forces prices to rise, and—"

"May I interrupt you, professor," spoke up a young student characterized by an impudent mouth and an inquisitive nose, "to ask who it may be that, seeing consumption upon the point of outstripping production, takes upon himself to name these higher prices?"

"Your question," answered the professor coldly, "is beside the mark. I am dealing in causes, not men. We will proceed. Other causes of rising prices are the enormous increase in the gold in use, naturally cheapening the world's standard of value, the movement of silver toward the countries of the Orient, the rise in the urban populations, luxury, the enlargement and extension of the foreign trade, the—"

"But just a moment," spoke up the impatient student. "Suppose we do admit there are causes for rising prices, still somebody has to take advantage of these causes and do the business of raising prices. Now if we wanted seriously to hold down the costs of living, it seems to me the logical thing to snap our fingers at causes and go out and get the hide of this booster."

The distinguished professor of economics frowned heavily.

"It is very apparent to me," he retorted, "that you have a mind too frivolous for the study of economics. I must ask you to leave the class room at once."

Afterward in his study, the distinguished professor of economics mused upon the incident. "There is one thing in what the dern little rascal says, but if we took up with such heretical ideas the science of economics would blow up 'ker-plunk,' and then where would be my job?"

## THE NEW WAY.

The Standard Oil company has so completely reversed its attitude toward employees that, beginning in Indiana, it recognizes their right to a voice in the determination of their relations to the company.

Employees are to elect representatives to a joint general committee, which, together with representatives of the management, is to pass on questions of wages, hours, working conditions, safety and prevention of accidents, housing, domestic economies and living conditions, sanitation, education, recreation, "and any other matter of mutual interest to employees and management or of special interest to employees." This is the new plan outlined in a pamphlet which the company has circulated among employees.

So far as the relation of the company to competing concerns is concerned, the federal laws have fairly brought it within reasonable lines of conduct, along with other trusts. The company should be credited for taking a very decided step forward in the matter of fair treatment to employees.

We don't hear anything about the Russian wheat crop. Nothing but whisker news comes out of that country.

We suppose Carranza will make a protest to the U. S. government about the rest of that \$15,000.

The president does not believe in putting sugar on the pill. He wants the senate to take the League of Nations just as it is.

We suppose Jess Willard has strength enough left to clip coupons.

## Queen Contest for Carnival Under Way

The Moose queen (or popular young lady) contest is progressing very favorably, and many of the young ladies entered have several thousand votes already. It was announced today, Tuesday, being tag night for the contestants, no doubt every man, woman and child on the carnival grounds will be tagged. Every girl or young lady who wishes to try for one of the beautiful prizes now on display in W. E. Trein's jewelry store window should get tags from Merton Squires at the Moose club before 7:30 o'clock, or at the carnival grounds early in the evening.

Visiting Moose from nearby towns will be at the shows this evening and the contestants are advised to be sure that everyone wears a tag. Some young ladies are going to wear that beautiful diamond ring and others will have the watch and other ornaments.

Everyone who attends seems to be enjoying the shows and other attractions on the grounds. The whip is a sensation and a great treat to all who have ridden on it, while the wheel seems to be doing a capacity business. All the children are patrons of the merry-go-round, which is one of the finest that has ever been brought to Dixon.

Buck Weaver's athletic show has surely had plenty of patrons and his wrestlers are being given some real matches by some of the local mat artists. The musical comedy girls, midge show, circus and others are doing good business, and all of the Moose committee are well satisfied with the business being done and only hope for a continuation of the good weather which is making the large crowds possible. Mr. Heth and his staff are also well pleased and announce they will be glad to play a return engagement in Dixon next season if they are in the vicinity.

At noon today the contestants stood: Katherine Kelly 1095  
Ruby Kelly 1070  
Maud McCune 1209  
Marie Wadenski 2046  
Alta Ross 1046  
Lucy Keenan 1013  
Goldie Huggins 1000  
Gertrude Tuttle 1000  
Pauline Adams 1000

These contestants are asked to meet Mr. Squire at the Moose club at 7:30 this evening. Standings in the contest will be published each day and will be posted on the tally board at the carnival grounds.

publicans, though they had not seen the Pittman resolution, indicated they would not accept any plan which fell short of including the reservations in the ratification itself.

In introducing the resolution in the senate, Senator Pittman requested that it be laid on the table. He announced he would call it up for consideration later in the hope that it would be acted upon even before final action was taken on the treaty.

## McCORMICK BEFRIENDS CHINA

By Associated Press Leased Wire

Washington, Aug. 20.—America by consenting to the guarantee of territorial integrity under the league of nations will pledge itself against conscience and judgment to participate in the great war which the treaty of peace promises, Senator McCormick, republican, Illinois, declared in an address today in the senate.

Reviewing "the moral abasement which characterized the conduct of the great Christian powers in Asia before and during the great war," the Illinois

senator said President Wilson had put his name to an agreement which betrayed ally and friend and kept from Chinese "that which was his and of which he had been robbed with an equal hypocrisy and violence."

"The government of the United States," continued Senator McCormick, "wishes to assent to the wrong done China in Shantung upon the verbal assurance of Baron Makino (the Japanese foreign minister) that presently the wrong will be undone. Ostrich like, our government had declined to recognize that the promises of the great Asiatic military power fronting our Pacific coast are to be measured by her performances in the past. By that measurement, the promises are worthless."

## CHINA DOUBTCROSSED

By Associated Press Leased Wire

Washington, Aug. 20.—China regards American acceptance of the Shantung provision of the peace treaty as a "deviation from the American policy of friendly co-operation" toward the Chinese government, the senate foreign relations committee was told today by John C. Ferguson, an American official adviser to the Chinese president.

While not speaking officially for the Chinese government, Dr. Ferguson said he based his statements on an intimate knowledge of Chinese official opinion. China's case in the peace conference,

he said, was based on the unanimous advice of some of the able international lawyers of France, Russia, Belgium and Holland, who agreed that the Chinese declaration of war nullified the 1915 treaty by which China agreed not to take exception with any settlement Japan might make with Germany regarding the German possessions in Shantung.

## BANDIT PURSUIT RESUMED TODAY BY U. S. TROOPS

(Continued from Page 1.)

tains of Chihuahua interrupting communication.

## Bullet Holes in Plane.

Possibility that the American soldiers already have had their first skirmish with the bandits was indicated last night when two aviators returned to the American side with bullet holes in the plane of their machine and a report that they had been attacked by a bandit gang of three Mexicans, one of whom they believed they killed with machine gun bullets. Another was believed to have been wounded and the third put to flight.

First reports said the cavalry was in pursuit of the remaining bandit but

communication was interrupted and no further word came from the expeditionary forces.

Four airplanes which arrived last night from Fort Bliss near El Paso, were to augment the air protection of the 8th cavalry in Mexico today.

## AVIATORS TELL OF ATTACK.

By Associated Press Leased Wire

Marfa, Tex., Aug. 20.—A report was received here today from Lieut. Estill, pilot, and Lieut. Cooper, observer, dated Presidio, Texas, giving details of firing on their biplane by the Mexican bandits.

While flying over a Mexican mountain trail, the American aviators observed three mounted Mexicans, riding south. The plane swept down low to investigate.

The bandits opened fire with rifle, bullets puncturing the wings of the American machine. Observer Cooper returned the fire and saw one horse and rider fall. A short time afterward, one horse was observed standing without a rider. The third horseman dismounted and disappeared into the mountains. Neither aviator was hit.

## Chinese Claim Japs Provoked Trouble in Which 30 Were Killed

By Associated Press Leased Wire  
Peking, Sunday, Aug. 17.—(Delayed.)—The official report of the Chinese government regarding the clash between Japanese and Chinese soldiers on July 19 at Chang-Chun, Manchuria, it is said, in government circles, indicates that the Japanese provoked the trouble. There is no definite proof who fired the first shot but the Chinese claim that the fact that Japanese soldiers with fixed bayonets and loaded rifles forced an entry into the Chinese military encampment shows that they were aggressors.

The Chinese report says 18 Japanese were killed and 17 wounded and 12 Chinese killed and 14 wounded. One hundred Chinese soldiers are missing but it is believed that many of them fled and fear to return.

The Japanese embassy at Washington announced that the Chinese government as a result of the incident at Chang-Chun had dismissed from office three leaders of the Chinese soldiers and had reprimanded the governor general of Kirin province. The statement says that the clash was provoked by the Chinese who fired upon the Japanese. Nineteen Japanese were killed and 17 wounded seriously.

## Illinois Miners to Decide Vital Points

By Associated Press Leased Wire  
Springfield, Ill., Aug. 20.—Striking Illinois coal miners this morning began the second day of their convention here called as a protest against present state miners' officials.

It was the belief of convention leaders that all of today and tomorrow would be consumed by business relating to desired wage scale changes, constitutional revision and other issues.

Word went out from the strike leaders today for all miners, idle as a part of the insurgent movement, to return to work tomorrow in accordance with action of the convention late yesterday. Operators were warned that discrimination against strikers would be tolerated.

Decision to return to work, it was stated, resulted from the move of international officials to bring about a meeting of miners and operators to negotiate a new scale at Buffalo, N. Y., Sept. 25.

## Victory Day Today at Illinois Fair

By Associated Press Leased Wire  
Springfield, Ill., Aug. 20.—Thousands of American soldiers, sailors and marines were admitted to the state fair without charge today in celebration of victory day.

The gates were thrown open to veterans of the civil and Spanish-American wars, as well as to participants in the conflict just closing, and all joined in patriotic exercises presided over by Gov. Lowden.

Addresses were made by Colonel J. V. Cline, 130th Infantry, 33rd division; Clarendon E. Adams, Omaha, Neb., commander-in-chief of the G. A. R.; and William Jones, New York, commander-in-chief of the United Spanish war veterans.

## NORTH DAKOTA GRAIN ACT IN UNITED STATES COURT

By Associated Press Leased Wire  
Fargo, N. D., Aug. 20.—An action involving the power of the state of North Dakota to enforce the state grain act while the grain business is under the control of the United States food administration, was filed in the United States district court here late yesterday.

## Northern Counties Have Much Barberry

By Associated Press Leased Wire  
Springfield, Ill., Aug. 20.—Northern Illinois is effected by the barberry bush, which causes rust in wheat, more extensively than other sections, according to Charles Adkins, director of the department of agriculture who recently had reports from government inspectors.

In consequence county agents of the northern counties were warned particularly against the ravages of the pest. Purple and green leaf varieties of the bush, Mr. Adkins said, are the dangerous types. Japanese barberry, used in landscape ornamentation, it is said, does not have a bad effect on wheat.

"Seeds of the barberry bush," Director Adkins said, "are carried by birds." States said to be effected by the bush are Wisconsin, Minnesota, South Dakota, Iowa, Nebraska, southern Kansas, part southeast Ohio and a small portion of Indiana.

## Great Banking House for Cleveland, Plan

By Associated Press Leased Wire  
Cleveland, O., Aug. 20.—A banking building predicted to be the largest and finest in this country west of New York is to be constructed here next year at a cost understood to be between \$7,000,000 and \$8,000,000. The first three floors, of approximately 80,000 square feet area, will be occupied by the Citizens Savings & Trust Company in conjunction with the Union Commerce National Bank. A local club probably will have the top floor and the other floors will be devoted to offices.

The property which has been purchased by the banks, according to J. R. Nutt, president of the Citizens Savings and Trust Company, has a frontage of 146 feet on Euclid Avenue, 253 feet on East Ninth Street and 387 feet on Chestnut street. President Nutt said construction of the building will begin March 1.

## German Governors in French Cities Cited on Charge of Murder

By Associated Press Leased Wire  
Lille, France, Tuesday, Aug. 19.—(French Wireless Service.)—(Delayed.)—Evidence adduced before the French military court inquiring into crimes committed by the Germans during the occupation indicates that a charge of murder may be brought against Von Heinrich, a former military governor of Lille.

Madame Jacques and Madame Martens, widows of men shot by the Germans, testified today that after sentence of death had been passed on their husbands Von Heinrich authorized their lawyers to appeal to the German emperor. While the appeal was being made Von Heinrich, it was declared, ordered the men executed and they were shot 24 hours later.

The court also has heard evidence against Von Zoelne, former quartermaster general at Charleville. It has been testified that he was responsible for the deportation of girls from Lille in 1916. General Von Gravenitz, governor of Lille at the time, it was declared, held him responsible for the order of deportation.

Dr. Van Henvervhyn, a resident of Fives near Lille told the court that his 19-year-old son was killed with a bayonet by a German soldier on order of Captain Himmen Le Belafare. The doctor testified further that the captain, the German governor of Lille, and the German governor of Roubaix were responsible for the torturing of French youths in German work camps.

The court also is inquiring into the case of Lieut. Boysel Von Gynitz of the Eighth chasseurs of Treves who is charged with the attempted murder of Abbe Hallinck of Marqu-En-Baroeul. It is declared that the officer while drunk twice stabbed the priest, in whose house he was living. Afterward he smashed the furniture and stole some money.

## Every Theater May Be Closed By Strike

By Associated Press Leased Wire  
Chicago, Aug. 20.—A strike of stage hands and musicians as an adjunct of the actors' strike threatens to close every playhouse in Chicago tonight. It was planned to walk out last night, but leaders of the stage hands and musicians relented for one night.

The managers of all the theaters affected said they would lock their doors. If the threats of each are carried out only the photoplay and vaudeville houses will be in operation.

## Shah of Persia to Visit in Europe

By Associated Press Leased Wire  
Constantinople, Tuesday, Aug. 19.—(Delayed.)—Sultan Ahmed Mirza, shah of Persia, arrived here today aboard an English cruiser on his way to visit Europe. While here he is to live at the mansion of his father, the former shah who abdicated in 1909. Tomorrow he will be received by Sultan Mohammed VI of Turkey.

## Steel Workers May Decide for Walkout

By Associated Press Leased Wire  
Youngstown, O., Aug. 20.—Under the presidency of John Fitzpatrick, the American Federation of Labor's national committee on organization in the iron and steel industry met here at noon today to begin canvassing a strike vote taken among 24 unions which have members in the steel industry and to decide whether or not these unions will be asked to present demands and back them up by a strike.

By Associated Press Leased Wire  
Youngstown, O., Aug. 20.—Presidents of 24 International American Federation of Labor unions which have members in the steel industry are in session here today to decide the question of calling a nation-wide strike in that industry.

The conference will canvass a strike vote already taken which union organizers assert is overwhelmingly in favor of a walkout.

Organizers in the Youngstown district claim 15,000 union members out of 35,000 steel workers. Mill officials say the organizers' claims are exaggerated and that a strike call would have little effect here.

## Germany Makes Plans to Carry Out Treaty

By Associated Press Leased Wire  
Berlin, Tuesday, Aug. 19.—(Delayed.)—A bill providing ways and means for carrying out the peace terms was presented before the national assembly at Weimar yesterday with the approval of the imperial council. The purpose of it is to establish control of all sorts of activities in commerce, finance and industries bearing on the means of meeting the responsibilities laid upon Germany by the conditions of peace.

## Georgia May Accept Equal Suffrage Yet

By Associated Press Leased Wire  
Atlanta, Ga., Aug. 20.—Although both the senate and house rejected by large majorities proposed ratification of the federal woman suffrage amendment, the Georgia legislature is not officially on record as having disapproved the amendment, the secretary of the senate and clerk of the house announced today. Separate resolutions were passed by the senate and house and neither acted on the other's resolution before adjournment.

## British Steamer is Destroyed By Blaze

## Largest Cheese Will Be Shown in Chicago

By Associated Press Leased Wire  
Chicago, Ill., Aug. 20.—A cheese 8 feet high, 10½ feet in diameter and weighing 31,964 pounds, recently has been completed for Armour & Company to be exhibited at the National Dairy Show here October 6 to 12. It is said to be not only the largest cheese in the world but the largest ever attempted and is valued at \$16,000.

Details of the big cheese are impressive. It is stated 357,500 pounds of milk, 800 pounds of salt and 1,251 ounces of rennet were used in its making. The milk was taken from 12,000 cows on 1,800 farms, 59 factories furnishing the curds and 73 cheese makers and helpers co-operating in the making. Three "handage cloths" were used, each 33 feet long and 16 feet wide. The process of manufacture was "filmed" by two motion picture cameras and the pictures are to be shown throughout the world.

## May Give Ex-Kaiser 170 Million Marks

By Associated Press Leased Wire  
Berlin, Tuesday, Aug. 19.—(Delayed.)—A bill has been submitted to the Prussian cabinet which provides that 170,000,000 marks shall be given to former Emperor William as total settlement for the civil list he lost through "forced abdication" according to a Weimar dispatch in the Freiheit. The cabinet has not reached a decision, it is said, because the scheme is opposed by Herr Von Braun, minister of agriculture.

### Ogle Old Settlers Meet Next Thursday

Mt. Morris, Ill., Aug. 20.—The program for the Ogle Co. Old Settlers' Day has been arranged and the reunion of the old-timers on the college campus promises to be a joyful occasion next Thursday afternoon and evening, Aug. 28.

The following program will be observed:  
1:00 p. m.—Band Concert.  
2:30 p. m.—Invocation, Rev. G. E. Scheerer.  
Music.  
Address of Welcome—Rev. D. L. Miller.  
Response—Rev. F. W. Lazarene.  
Address—Rev. E. S. Nicholas.  
4:30 p. m.—Ball game between Leans and Fats on the campus.

All who care to picnic on the campus for dinner and supper will have coffee, cream and sugar furnished free.  
8 to 9:40 p. m.—Band concert, special songs and special selections.

There will be no horse-racing, no balloon ascensions, no aviators to loop the loop, nor will there be noisy demonstrations. But there will be shade, a spacious campus on which to eat lunch, loaf and be comfortable. It will be a day of rest, more replete with good-will, good-fellowship, and friendship than with noise. It will be pleasant.

It's kinda nice to go to a certain comfy place on a certain day, with the knowledge that you are going to shake hands with an old friend from the other side of the county and talk over the days when you chased wolves and took your grain to Chicago. Them were the days! They will all be lived over again on Thursday, August 28, in the cool shade of Mount Morris College campus.

### PUBLIC NOTICE

Charles Adkins, director of the Department of Agriculture, State of Illinois, today issued the following public notice relative to the eradication of the common barberries from the state:

To Whom It May Concern: It has been determined by the Department of Agriculture that the tall-growing European barberries, Berberis vulgaris and all its horticultural varieties including the purple-leaf barberry, Berberis vulgaris variety, purpurea are a nuisance within the meaning of Section 15 of the Plant Inspection Act of 1917 as amended in 1919 and that the same should be eradicated from the state for the following reasons:

- 1.—They are not essential to the welfare of the people of the state.
- 2.—They serve as almost the exclusive host plants for a stage of the Black Stem Rust, Puccinia graminis, which intervenes between the normal hibernating stage of the rust and the later stage which infects wheat and other small grains and grasses, thus serving to maintain the presence and promote the destructive abundance of the rust, and
- 3.—Said disease, Puccinia graminis, is very destructive to wheat and other small grains and grasses.

Now, therefore, I, Charles Adkins, director of agriculture, by authority invested in me by Section 15 of the Plant Inspection Act of 1917 as amended in 1919, and in accordance with the provision of said act, do hereby give public notice that the tall-growing European barberries, Berberis vulgaris, and all its horticultural varieties including the purple-leaf barberry, Berberis vulgaris variety, purpurea, characterized by erect growing habits, three branched thorns, leaves with toothed edges, and berries, and berries growing in clusters, are a nuisance and must be eradicated from the state for the protection of wheat and other small grains and grasses.

### Victory Buttons to Everyone Who Served

A lapel button to be known as the Victory button, to wear on civilian clothes, will be issued to all officers, enlisted men, field clerks and members of the army nurse corps who served on active duty in the army of the United States at any time between April 6th, 1917, and November 11, 1918, and whose service was honorable. The button will be silver for those wounded in action and bronze for all others. The silver buttons for wounds received in action will be issued only upon evidence of such wound or wounds as shown on the discharge certificate of enlisted men or certificate of discharge of officers. In case where no such evidence is shown on the discharge certificate of enlisted men one certificate of discharge of officers, or where no such certificate of discharge has been issued to the officers and a wound or wounds are alleged, a letter giving all the facts in the case should be forwarded to the adjutant general's office, Washington, D. C., by the applicant for corroboration in accordance with facts as shown by the official records on file in that office. Sergeant Moran of the U. S. Army recruiting office in Sterling has received blank forms for applicants for their Victory buttons. These blank forms are ready for issue and may be obtained from the recruiting office by calling for them in person, or will be mailed on application. The button may be obtained by men entitled to them at the office on a date to be announced later.

### Texas Cotton Crop Better Than in '18

By Associated Press Leased Wire  
Houston, Tex., Aug. 20.—Cotton acreage under cultivation in Texas is 10 per cent less than at the corresponding period last year, according to F. N. Gray, state cotton crop specialist in the federal crop bureau at Houston.

The total acreage under cultivation in July was estimated at 10,755,000, compared with 11,950,000 planted acres last year. Based on a condition 69 per cent of normal, it indicates a yield of 134 pounds of lint cotton per acre, Mr. Gray declared.

"A total crop of 2,985,000 equivalent 500 pound gross weight bales, allowing the usual 1 per cent for abandoned acreage," was Mr. Gray's prediction based on July reports. Last year's production was 2,760,804 bales.

### Detroit Has 40,000 Drug Addicts, Report

By Associated Press Leased Wire  
Detroit, Mich., Aug. 20.—Two and one-half tons of opium is each year brought into the city of Detroit and most of it is put into illegitimate uses, according to the federal authorities.  
Detroit has 40,000 drug addicts, it has been estimated, and city officials are being urged to establish a municipal institution where they may be treated and cured, if possible, for questioning has brought out the fact that a very large proportion of the victims acquire their drug habit through association with other addicts.  
Detroit, it is said, is the third largest

est opium importing center in the United States, the major portion of the drug coming in from Canada and Mexico, and the police declare the "underground railway" over which the traffic is handled in the main is operated by a drug smuggling organization that is nation-wide.

Not more than 10 per cent of the opium brought into this city is used in prescriptions and patent medicines, it has been stated, 90 percent or more being used for illegal purposes. Medicine manufacturers here, investigation has shown, use very little of the drug in their preparations.

Among the facts brought out by local investigations into the use of opium is that Americans, native, lead all other nationalities in its illegitimate use.

### Greek-Turk Clashes in Asia Minor End

By Associated Press Leased Wire  
Saloniki, Tuesday, Aug. 19.—(Delayed).—Reports published in certain newspapers of serious encounters in Asia Minor between Greek troops and Turkish bands were exaggerated, according to a statement made by General Paraskevopoulos, commander-in-chief of Greek forces in Asia Minor to the correspondent of the Balkan Journal. The commander-in-chief says the Turkish bands in that region were dispersed when sufficient Greek forces arrived.

### FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

## Now It's Easy to Keep White Shoes White

THIS season brings an end to the problem of keeping white shoes really and actually white; pure, clean bright-white, too.

"Nova" is the preparation that does it — "Nova" is in solid form and is without a doubt the best preparation of its kind on the market.

Nova is not a mere pigment; it cleans the canvas fabric so that no discoloring can show thru, and no streaking is even possible.

If you want a perfect canvas white that will not rub off, go to your dealer at once and tell him you want Eagle Brand Nova and nothing but Eagle Brand Nova.

If you wish a liquid white, one that goes on quickly and easily—one that has no superior, ask for Dainty White. Nothing like it in liquid form.

"The Mark of Quality."

We make a dressing for every shoe under this trade mark. All are of superior quality.

## Eagle Brand NOVA

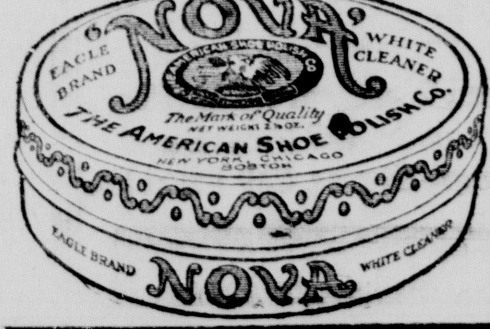

And above all, remember that there is no such thing as acid or acid-bleach of any kind in Nova or Dainty White. They are the canvas cleaners famous for their perfect, harmless, uniform, even color-covering or snowy-whiteness that cannot injure any fabric, no matter how dainty or delicate.

Buy Eagle Brand Paste for your fine black, brown russet or ox-blood shoes.

### Reap Additional Profits by Spreading Straw.

Why waste your most valuable by-product?

Every ton of straw is worth \$2.00 to \$5.00 per ton as fertilizer alone. Besides that, it protects your crops against winter-kill and drouth—your best guarantee of big yields.

It's a soil mellowing, a valuable source of humus and a reservoir of moisture. It prevents soil blowing and "patchy" spots—holds a protecting blanket of snow on wheat.

Experimental stations and practical farmers prove that straw spread with the "Eagle" will net

\$5.00 to \$25.00 more per acre per year.

Sales increased fourfold in last two years. This is the best proof of its merits. Let us show you what the "Eagle" will do. Call today.

### "Eagle" Facts

Spreads a golden carpet eight feet wide. Takes the backache out of mucking and does it five times as fast as hand work, or as much as

Twenty acres per day.

Just hitch it to any wagon—nothing to install. Large adjustable hopper makes pitching easy—no lifting or spilling.

An endless belt of boards with teeth drag the straw away from the wagon, while eleven

lickers toss the surplus straw back. Geared both sides, pull straight. Slow geared, very light draft. Works in high wind. Spreads any desired quantity—dry, wet, bunchy or rotted.

Fully guaranteed. Try it in your field.

## Bad Sickness Caused by Acid-Stomach

If people only realized the health-debilitating power of an acid stomach—of the many kinds of sickness and misery it causes—of the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid stomach—pains of indigestion; distressing, painful bloating; gas; sour stomach; belching; food repeating; heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the nervous system, headache, biliousness, cirrhosis of the liver, sometimes even catarrh of the stomach and intestinal ulcers and cancer. If you are not feeling right, see if it isn't acid stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC tastes quickly and surely relieves the pain, bloating, belching, and heartburn that indicate acid stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvellously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvellous relief. So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

## SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scales and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

## KRUGER WEALTH, ON SEA BOTTOM, MAY BE LIFTED

### Englishman Plans Big Project to Recover Sunken Treasure.

London, Aug. 13.—(Correspondence of the Associated Press).—To recover more than \$3,000,000 in gold, part of the fortune of the late Oom Paul Kruger, once president of the Transvaal, which is believed to be cemented in the hold of the bark Dorothea, sunk on Tenedos reef off the coast of Zululand, is one of the projects which may be revived as a result of improvement in the science of salvaging sunken ships.

The Dorothea is named among the list of wrecks of eight treasure ships located off the African coast which are regarded by one leading expert as most likely for salvage.

It is believed that Kruger's fortune still lies in the bottom of the Dorothea among the jagged rocks of Tenedos reef. Some years ago a syndicate was organized to attempt its recovery but a government steamer failed to salvage it.

Captain A. P. Gardiner has located 38 hulls of sunken vessels off the coast of South Africa and believes that one quarter of them may be redeemed. Some of them are more than 100 years old. Eight of the ships selected as susceptible of salvage contain cargoes of gold and silver valued at millions. A second list of ships, luring treasure hunters to the African coast includes seven wrecks in 1892, among them being H. M. S. Condor with \$200,000 in gold coin, and the troop ship Addison with \$100,000. Others carried copper, a hold full of ivory, or silver ingots. Ten other vessels lost between 1737 and 1893 have been located along the African coast.

VIENNA—Budapest is a city of political turmoil and the streets swarm with aimless hungry people, according to an Associated Press correspondent.

### CORN OPENS UP THEN DECLINES AS SALES BEGIN

By Associated Press Leased Wire  
Chicago, Aug. 20.—The corn market opened strong with limited offerings which were readily taken. Resting orders to sell on the upturn checked the early advance and the market sagged. Further sharp decline in foreign exchange rates which touched a new low was reflected in heavy selling of corn, at prices about 1c lower than the opening figures on all deliveries. Opening prices ranged from 1½c lower to 1½c higher with Sept. 1.84½ to 1.84½ and Dec. 1.44½ to 1.45½.

Trading was moderately active. Oats opened firm and moved in sympathy with corn though fluctuations were less pronounced. Offerings at the start were light but sellers increased at the high points. Opening figures were unchanged to ¾c higher with September at 73½. The early decline was checked at about yesterday's closing prices.

Provisions were dull with prices slightly advanced, figures ranging from 10 to 7½c higher.

Later price fluctuations were erratic, selling pressure inducing declines which were mostly overcome by short covering. Sept. held its strength and was the only delivery to finish at an advance. The market closed 1½c to 1½c net lower on distant months and ¾c to 1½c net higher for Sept. Closing figures were Sept. 1.84½ to 1.84½ and Dec. 1.43½ to 1.43½.

## OBITUARY.

SARAH C. HIBARGER.

(Contributed.)

Sarah Caroline Waterbury was born in Ogle county, Illinois, March 28, 1859, being the second child of William R. and Lydia F. Waterbury. She spent her childhood in and around Polo and on August 22, 1878, was united in marriage to Albert C. Hibarger, to which union two children were born—Harry S., who preceded her to the great beyond, and Hazel F., now Mrs. Shaver.

The first nine years of her married life were spent in Champaign county, after which she returned with her family to Ogle county. The family later moved to Dixon and after three years' residence here, returned to Polo, remaining there until their return to Dixon in 1915. The remainder of her life was spent in Dixon until her death in Chicago, Sunday noon, Aug. 17, 1919.

She leaves to mourn her passing, her husband, her daughter, two grandchildren, her aged mother, one brother and a host of friends.

Mrs. Hibarger was a member of the Presbyterian church of this city, and was also affiliated with the Daughters of the G. O. O. F. and Dixon Woman's Club. She was an active, faithful, efficient leader in Christian work, and by her cheerful, kindly and unselfish life endeared herself to everyone and made her life abundantly useful.

Mrs. Ralph Raymond, of Seattle, Wash., is a guest at the home of Dr. and Mrs. Ives.
